"If we all stand together we are a force that can shake the whole world".

To

All Office bearers and the Secretary General's
Of Constituent Organizations'

Dear Friends,

Since First pay Commission onwards only struggles brought the pay commission to us. United movement brought the Pay commission and its benefits to the employees and Officers. Nevertheless it is the history that the pay commissions were constituted only after a great struggle. Struggle alone improves our working condition, improved wage and environment of standard of living. After the cabinet decision for the acceptance of 7th pay commission's retrograde recommendations, the entirety of the Central Government Employees and Gazetted Officers are on war path. Gazetted Officers are expressing their displeasure in an organized manner. They have communicated their disappointment to the Government by joining hands with the employees and communicated their option for a day Strike on 11th July. It is history in the movement of Central Government Gazetted officers. After our issuance of the strike Notice, the Government has taken our communication very seriously.

No doubt, we are also a force to reckon. In this background, the NJCA leaders were invited and the Government has agreed to revisit the demand on minimum wage and Fitment Formula. Based on the assurance of parity between the past and present pensioners, the revision of minimum wage and a fitment formula the major player in the Central Government segment have decided to defer their indefinite strike till the committee finalized its report. The Major demands of both the employees and the Gazetted Officers are now in focus.

This has not happened on its own. The Government knew of anger and anguish of the Government employees and Gazetted Officers. We have also decided to defer our strike pending the decision of the Committee. But this is not the end. Our main issue of Grievance redressal machinery to Gazetted officers has not been resolved yet. We have sought this issue also as one of the references to the Committee.

In this valiant struggle, we have to feel pride of our crucial role. First time in the history, Gazetted officers served notice to the Cabinet Secretary. So many Constituent organisations of CCGGOO have endorsed the strike notice on 11th July and given to their respective heads of departments. Two Conventions were held at Mumbai and Bangalore and reiterated our Decisions of participating the Strike. The entire media watched our programmes and recorded our view points and exhibited in their dailies.

Government Machinery promptly watches such developments and report to appropriate authorities. It is not the out of the way to mention here that the struggle by Gazetted officers was also one of the main reasons behind the talks by the minister with the leaders.

CCGGOO congratulates all the leaders, Officers, who took part of this struggle and especially, the fraternal leaders who are contributing in this struggle. It looks forward to maintaining the tempo built by them intact till our issues are resolved.

Build our own movement to achieve our own demands. Build the State Level CCGGOO in every state and involve all the Gazetted Officers Organisations available in the respective States and involve who ever not represented so far in the CCGGOO. This is the best platform for the Gazetted Officers to represent their common problems before the Government and the Public. Do not lag behind in formation of the State Level CCGGOO and conduct conventions to ventilate our grievances to the media and to the Government. Continuous pursuance alone would bring the desired results

Yours Fraternally,

S.Mohan
Secretary General
